BACK-TO-BACK WINS

toward the Warman net, but goalie Quterie Tipewan came up with the huge save.

"(Avery) Switzer was coming back hard on the back-check and really pushed the Swift Current girl to the one side of the ice and cut her angle off; Quterie read it and made the save perfectly, the way it should be," said Horner.

The win was a perfect way to start the season which is going to be a grind with only a few third year U18 players on the team, but the team

continues to work hard.

The majority of the players on the team are from various communities no more than two hours away from Warman and Horner is impressed with the commitment from the girls to play this level of hockey.

"They all come to the rink with a smile on their face, they all like to be here, they all support each other and they all push each other. I'm expecting a really good year out of these girls that's for sure," he said.
